

KEES Administrative Regulation Amendment

Action: The staff recommends that the council propose an amendment to the administrative regulation entitled *13 KAR: 2:090 Kentucky Educational Excellence Scholarship* (copy attached), that it be filed with the Legislative Research Commission, and that the administrative regulation be reviewed following the requirements of KRS Chapter 13A.

The KEES administrative regulation needs to be revised in order to:

- Clarify that participating institutions are postsecondary education institutions.
- Clarify that a student must graduate from a Kentucky high school to receive a base award.
- Require all participating postsecondary institutions to report cumulative grade point averages for eligible students for all courses attempted.

The attachment highlights the staff's proposed changes.

The administrative regulation review process takes place over a four-to-six month period and requires two public hearings. In order to have the changes in place prior to the fall 2002 semester, a draft of the regulation must be filed by April 15, 2002.

A meeting of council staff, Kentucky Higher Education Assistance Authority staff, and institutional representatives is scheduled March 19, 2002, to discuss implementation of the proposed requirements for reporting cumulative grade point averages.

A public hearing on the proposed amendment is scheduled March 28, 2002, 10 a.m., at the council office in Frankfort, conference room B. Interested parties have been notified of the proposed amendment and the hearing.

The council staff proposes incorporating additional changes to the council's KEES administrative regulation that may be required following adjournment of the current General Assembly. The final regulation, with any additional amendments, will be presented to the council at the conclusion of the review process.

This table can be used to relate SAT I V+M scores to ACT Composite scores. The estimates are based on the test scores of 103,525 students from fourteen (14) universities and two (2) states who took both the ACT and the SAT I between October 1994 and December 1996. Because the ACT and the SAT I have different content, students' actual scores on the ACT could differ significantly from the concordance estimates in the table. Source: ACT, Inc. Questions about the concordance study may be directed to ACT's Research Division (319/337-1471).
